

Renaissance Mall
Cinema & Parking

The image is an aerial rendering of a coastal development project. It features several distinct zones: a blue area at the top for a mall and cinema, a large orange area in the center for hotel and casino facilities, a green area on the right for shopping and recreation, and a brownish-orange area at the bottom for beach and pool facilities. The project is bordered by a body of water on the right and a road on the left. Landscaping with trees and walkways is shown throughout the development.
